

Spring Semester 2017 Groups
METR 5403/4403: Applications of Meteorological Theory
to Severe-Thunderstorm Forecasting
Instructors: Dr. Ariel Cohen, Rich Thompson, and Dr. Steven Cavallo
Teaching Assistant: Andrew Moore

For Midterm Exam 2 (the takehome exam), you may only consult others in your assigned group. For all other tasks, you are very encouraged to work with your groups, but you may work with others in the class, as well.

Group 1: Britt, Davis, Quinn.

Group 2: Dalal, Mahre, Murillo.

Group 3: Dixon, Eddy, Luna.

Group 4: Borg, Bunker, Cornish, Krocak.
