Outreach!--Blake

Becky Black- Mon. Nov. 10th 6-7pm at Monroe Elementary we will be talking to a Cub Scout Pack about severe weather safety.

American Indian Science Club (grades 2-12) will be at the beginning of next semester, January 17th.

5th grade at McKinley Elementary 2 classes would like them to talk to us from 1:15 to 2:40pm. Thursday Feb. 26th is the most preferred date, but the Wed. before that would be better for most of the officers.

5th grade at Monroe Elementary would like to have a talk about severe weather. There will be 75 kids in a gymnasium, so the Weather Friends will probably be involved as well.

Kennedy and Adams Elementary have not responded yet.

The PowerPoint presentation will be made by Noah and Kate-Lynn to give to the schools to look over by Thanksgiving.

Mr. METEOROLOGY!

We are moving the pageant to the spring, and Kate-Lynn will check with Mona for dates to work around Benefit Bash. Freshmen dance is 80% complete and Zack is single-handedly making it look pretty awesome.

Groundhogs Update

Jarrett has not talked to Sooner Legends yet, so we need to get a date for that ASAP. It is on a Monday 4 weeks into the semester, so we can keep that in mind….probably will be on Thursday that week.

Colorado Trip to NCAR/UCAR

The interest meeting had 6 people, so we are going to pass out a signup sheet next meeting for a final count next week.

New Officers

Blake and Anya are going to Monash in the spring so they will be resiging. New officers to come…
