This meeting was held in the Student Leadership room of the National Weather Center.

The first thing discussed in the meeting was that the webpage needed updating. We need to keep our webpage updated in order to keep people informed and interested in the organization.

Next we discussed the upcoming meeting next week. It was decided that this meeting would be a social meeting since every class had some sort of test the next day. This meeting will be an Ice-Cream social with a movie of weather relation.

A t-shirt update was given to us. As of the meeting, there had been so answer, no final design; we might change vendors if we don’t get something soon.

A budget is needed in order to finalize t-shirts and finalize the field trip. The field trip has final things need to be done. No more the 50 people can go, need to call hotels for cost/availability, and need to set when UCAR and NCAR will be done.

The AMS conference is asking for student chapter representatives to attend a breakfast. Bethany, Emma, and Tim will represent us. Our poster will also need to be finished and make its way to Austin in January.

Mr. Meteorology is our next upcoming outreach event, held at the end of the month, November 30th. The forms for the contestants have been sent out. We need to advertise, collect door prizes, book the atrium for Thursday and Friday, and make sure we have three judges and two MCs.

Groundhogs day is the next outreach event for the next semester. The menu has been provided and a copy can be found next to these minutes. Most stuff is available. We have one ticket and we will pay it at the end of the night. Last year we have three kegs at $175 + 20% gratuity + tax. The kegs will be pay as we go. There is no charge for the use of the bar. The patio is now enclosed and heated. The name of the DJ has been retrieved and Andrew will contact him about the date and his pay. We need to check that Nancy Campbell is ok will still being billed. The time has been set for 8:00 PM – 1:30 AM with food being served till 11. They will provide “bouncers”. Tickets still set at $5 and $7?

Relay for Life is another outreach event coming up. The freshman representatives reported that Kate-Lynn is the main contact. They are looking into different fundraising ideas – talent show, video contest, bake sale, etc. It has been said that Kate-Lynn needs to make sure that the $10 goes to shirts, and about the food at the event is from raising money or what is needed.

Nothing has been heard about Big Event, but we are all keeping our eyes and ears open.

A possible get together for Dead Week was discussed. Kate-Lynn and Rachel will look into this more and report back.
Addison, Junior Representative, is leaving to go study abroad in January. A new representative will need to be elected at the January General meeting.
